She has incorporated many spiritual traditions in her celebrations.

Her experiences as founder and director of the Music Church, and as part of the Voice of Joy Choir of the First Baptist Church in conjunction with several Unitarian congregations have strengthened her understanding of the human spirit and her resolve to bring deep meaning and beauty to the ceremonies and celebrations of life.

Naomi would be pleased to participate in your special service with words, musical arrangements and advice. Ceremonies are conducted in traditional and non traditional forms. Each occasion is lovingly crafted to individual needs in any home, church or natural setting.
